## 34th Annual ACFE Global Fraud Annual Conference:

Mr. Haser Hainrick, and his Investigators from The FSM Public Auditor's Office; attended the 34th Annual conference in Seattle, Washington. The conference was held from June 11 to June 16, 2023. This global fraud conference marks one of the most vital events, as its mission is to reduce fraud and white-collar crime and assist the membership in fraud detection and deterrence. It was one of the most significant events, with more than 5,000 plus participants worldwide attending in person and virtually. It provided a great opportunity for us to network and learn from professional expertise. We gained valuable anti-fraud knowledge and learned the latest techniques from experts, also internationally recognized speakers.

We were also able to interact with live knowledgeable instructors and fellow attendees. We also had the opportunity to hear live experiences and stories from Award-Winning journalist, filmmakers, NBC News reporters/anchor, fellow associate members and convicted fraudsters. This conference provided us with new investigation techniques to improve and assist our work better. We are grateful for this opportunity to be part of this amazing event that will strengthen and heighten our knowledge and competencies in our duties and investigations.
