

FSMOPA STAFF COMPLETED THE HR CHAMPION PROGRAM

On the week of November 18 to 22, 2024, the HR Champion program concluded with an in-person session in Auckland, New Zealand. This marked the end the program, which began in May 2023. The FSM Office of the National Public Auditor (ONPA) was fortunate through an invitation by the Pacific Audit Supreme Audit Institution (PASAI) in collaboration with the Swedish National Audit Office (Swedish NAO) to have attended and completed an 18-months program to develop human resource (HR) capabilities of staff from the Pacific Island government audit offices.

The HR Champion program aimed to create a regional pool of staff capable of supporting their own Supreme Audit Institutions (SAIs) and those of others in the region in a self-sustaining model, minimizing a reliance on external expertise for HR support.

Two staff members from the ONPA Corporate Division were nominated to attend this 18-month program with the aim to address some of the gaps identified in their respective SAI's assessment.

We express our sincere appreciation to ONPA Management, PASAI, and SNAO for the opportunity to attend and participate in the 18-month HR Champion program.
